

EASY FERN ID WORKSHOP

SATURDAY JULY 13th 1-3 PM

LEVERETT LIBRARY

followed by guided walk at the

4H FOREST

**Led by Randy Stone,
Pioneer Valley Fern Society**

**Sponsored by Rattlesnake Gutter Trust &
Leverett Trails Committee**

We'll start by discussing the key features to look for when identifying any fern. Then we'll learn to identify a dozen or more of the common ferns and the uncommon ones we will see at 4H as well.

Program starts at the Library with a presentation on basic fern identification techniques, followed by a guided walk through the nearby 4H forest.

Wear clothing appropriate for insects including ticks, poison ivy and muddy ground.

Rain Date Saturday July 20th.
