

FERN WALK

SUNDAY July 10th 1-3pm

at

**Quabbin Gate 15, Briggs Brook,
Shutesbury**

**Led by Janice Stone,
Pioneer Valley Fern Society**

Enjoy hiking along a woods road with stone walls, 15 fern species, wildflowers and an old mill site on Briggs Brook. The route is flat at the start, then downhill to the mill site, and then back uphill to the gate.

We suggest you wear clothing appropriate for poison ivy, insects including ticks, and muddy ground in some areas.

Being within the Quabbin watershed lands, no dogs are allowed.

Pre-registration not required. Rain cancels. Free.

Directions: Gate 15 (yellow) is about 2 miles north of the traffic light at the corner of Amherst Rd Pelham & Rt 202. Parking is limited at gate. Ride share if you can. There are a few pull-offs within walking distance of this gate, but *be very careful* to park fully off Rt 202 and when walking on Rt 202. A lot of fast traffic.
